CHIEF EXECUTIVE OFFICER

110th Congressional Nursing Caucus

The nursing profession is at a critical crossroads. Numbering more than 2.9 million, RNs are the largest healthcare workforce in America. Yet the supply of nurses is failing to meet our national need. The growing shortage of RNs is impacting the entire health care system, resulting in decreased patient care quality, and complicating efforts to prepare for natural disasters and acts of terrorism.

Established in 2003, the Congressional Nursing Caucus provides Members of Congress an excellent, non-partisan forum to address issues affecting the nursing community. It also serves as a clearinghouse for information and a sounding board for ideas brought forth by the nursing community. The current co-chairs of the caucus are Representative Lois Capps (D-CA) and Representative Steven LaTourette (R-OH). All Members of the House of Representatives are eligible to join.
