

BRIEFING

PROTECTING THOSE WHO CARE

Addressing Violence Against Healthcare Workers

Healthcare workers dedicate their careers to caring for others, yet violence in healthcare settings continues to threaten their safety and well-being.

Join healthcare leaders, providers, patient advocates, and policymakers for a timely discussion on workplace violence in healthcare. Panelists will discuss the impact of violence on the healthcare workforce, highlight effective prevention and response strategies, and examine how safe healthcare environments support both the workforce and patient safety.

Thursday, September 17
12–1:15 p.m. *lunch provided*
Longworth HOB 1539
