

Pathway to Excellence® Interim Monitoring Requirements (IMR)

Mid-Cycle IMR Overview

GOOD NEWS!! Effective February 1, 2019 Pathway to Excellence® organizations will be required to submit an updated Organizational Demographic Form (ODF) and Contact Information form (CIF) electronically during their mid-cycle year to the Pathway Program Office (PPO); and not on an annual basis. Organizations will now submit the initial ODF with their Pathway Standards Document (PSD) and the mid-cycle due date is two years from the PSD submission date. In addition, data will now be submitted at the facility level and not require unit level data. Please keep the ODF in Excel format/file and do not convert to a PDF file. A one time fee is due with an organization's mid-cycle ODF. Please submit the mid-cycle ODF and CIF to pathwayinfo@ana.org.

Effective March 1, 2019, if for any reason an organization is unable to submit the report within the required time frame, the organization must contact the PPO. If the PPO does not receive the required documents by the last day of the organization's PSD submission month and the organization has failed to notify the PPO regarding its delay, a late fee of \$500 will be charged. Failure to submit any required reports or failure to comply with Pathway requirements may be considered voluntary surrender of Pathway designation.

Mid-Cycle IMR and Redesignation Timeline

- IMR forms (ODF & CIF) are due mid-cycle based on the anniversary of the organization's PSD submission cycle month. Example: Initial document submission on November 1, 2018; an updated ODF will be due two years later on November 30, 2020. For interim reporting, submit data for the most recently completed 12-month period.
- Online application form and fee indicating intent to redesignate must be received at least 8 months prior to first day of the expiration month. A redesignation PSD is due by the first day of the expiration month.
