

# Applauding the 2012 ANF Scholars

The American Nurses Foundation (ANF) applauds the 2012 Nursing Research Grants (NRG) recipients. This year, ANF awarded over \$217,000 to these nurse researchers who work to transform the nation's health - the heart of ANF's mission. ANF is grateful for the generosity of supporters over the last 57 years who have made it possible to award over \$4 million to more than 1,000 beginning and experienced nurse researchers.
