

NOTICE: Phase Out of the ANCC Magnet Recognition Program[®] System Application

New System Applicants

- Written documentation submission will only be accepted until October 1, 2018. Starting February 1, 2019 no written documentation submissions will be processed for Systems of healthcare organizations which submit a single application to include multiple organizations within a system.
- Applications will only be accepted for System applications with the intent to submit written documentation by October 1 2018.
- Extensions will only be considered if the extension date for written documentation submission is on or before October 1, 2018.

Current Magnet Designated Systems

- Prior to release and required use of 2019 Magnet[®] Application Manual, current Magnet designated Systems may:
 - Submit System written documentation in compliance with current 2014 Magnet[®] Application Manual requirements.
- After release and required use of 2019 Magnet[®] Application Manual:
 - All current Magnet designated Systems, including any further additions to the System, will be required to address all SOEs for each entity within the System.
 - System designation will be grandfathered and allowed to continue until the Magnet designated System:
 - Chooses to withdraw from the system designation, or;
 - Experiences a failure to meet Magnet standards by one or more entities within the system.
 - If a System elects not to submit written documentation or fails to meet Magnet standards for one or more entities within the System, the option to submit as a System in the future will not be granted.

If you have any questions please do not hesitate to contact the Magnet Program Office staff listed below.

Janice W. Moran, MPA, BSN, RN
Director, Magnet Recognition Program[®]
American Nurses Credentialing Center
